

Welcome to Origin City

Directly from the vineyards to your glass.

Origin City is a representation of our family's passions, fused together to bring you an authentic dining experience - from the food to the wine.

Our wine list is small but refined, with award-winning wines from a variety of independent, boutique producers, including our own family vineyard, Château De La Cômbe. Located in Provence, where warm sun, the salty sea, and a fierce Mistral breeze provides perfect (most of the time) winemaking conditions, for low-intervention, organic wines.

When we're not busy during the winemaking season, we regularly visit small wineries all over the world in search of special wines to bring to you at Origin City. A more extensive wine menu can be found at our family wine bar & shop, 56 West Smithfield, a cosy and relaxed space, just across the square.

Please let us know if you have any allergies or special dietary requirements.

PARTNER VINEYARDS

Château Palayson

Château de Palayson is nestled in the Roche de Roquebrune (red rocks of Roquebrune), in Provence. The estate is rich in history, with many ancient Roman Ruins found during the restoration and renovation work, dating back to 200BC. Maybe the ancient grounds are the reason Château de Palayson produces such outstanding wines?

Château Lauzade

Located in Côtes-de-Provence, the estate of Lauzade is a protected site, lined by water springs and the Massif des Maures. The 40-hectare vineyard has 10 varieties of grape, planted on a mix of deep clay and limestone soil. Since Michel Reybier took over the estate in 2021, Château Lauzade has been working on an organic recovery, which means sustainable wine growing and winemaking, without the use of chemicals or pesticides. By 2024 they will be awarded the Ecocert Certificate.

Fattoria di Montemaggio

The Fattoria Montemaggio estate can be found in the heart of Chianti Classico region, in Italy. Extending over 9 hectares, the vineyard is planted mainly with Sangiovese, as well as small portions of Merlot, Pignitello, and Chardonnay. Montemaggio produces high quality wine by planting vines with a very high density per hectare - 6250 plants per hectare in some vineyards - which produces low yielding vines, with high concentration grapes.

Champagne De Lozey

Champagne de Lozey was founded in 1881 and is today run by 4th generation, Philippe Cheurlin. Located in the famous Côte des Bar, in the south of Champagne, the vines are planted on clay-limestone soil from the Upper Jurassic, which gives the wines their unique personality.

Most of De Lozey's cuvées are blended with wines that are 10 to 15 years old, using a solera system. The Champagnes have great purity and finesse, and will often have a low dosage.

Joseph Cattin & Grand C

Grand C was created by two wine specialists, Axel Wulfken and Jacques Cattin. Jacques Cattin is the head winemaker at his family's estate, Domaine Joseph Cattin, located in Voegtlinshoffen, near Colmar in Alsace, where many of the wines are made. The 70 hectares of vineyards lie on the foothill of the Vosges, where the attitude varies from 200m to 400m. Mostly facing south and south east, they get maximum sunlight, which is vital for the grapes. Soils are mainly dominated by shell limestone, granite, loam and clay.

Thierry Perrion Chamapagne

Thierry and Jessica Perrion are third generation growers of premium Grand Cru-classified grapes, in the village of Verzenay, which are sold to the top Champagne houses. The Perrion family holds back some of their best Pinot Noir and Chardonnay grapes to produce about 8,000 bottles of premium Champagne for themselves and their valued customers - including Origin City.

PARTNER VINEYARDS

Uncle's Vineyard

UNCLE'S Wine was founded by South African Andrew Killian, who adopted the nickname 'Uncle' during his first overseas harvest – he was 40 at the time, and the rest of the team in their early 20's. Andrew now lives in Luxembourg, but makes his wines in a variety of locations, in very small quantities - 1 or 2 barriques.

UNCLE'S wines are made with minimal intervention, mostly natural ferments.

Weingut Johanninger

The Weingut Johanninger vineyards lie in the popular grape growing regions of Rheinhessen and Nahe, in Germany. The vineyard soils range from lime-rich clay marl to terraced gravel, and are perfect for growing a variety of grapes, such as Pinot Noir, Cabernet Sauvignon, Merlot, Riesling, Müller-Thurgau, Chardonnay and Sauvignon Blanc. Weingut Johanninger is eco-certified, and all wines produced are vegan.

Clos Jangli

CLOS JANGLI® was established by Stéphane Singery in 2014, and is located in the Luxembourg Moselle. The vines sit on south-south west slopes, on a mixture of clay-limestone soil and a unique subsoil containing gypsum, which gives the wines a rare character and a good dose of minerality. CLOS JANGLI® has a very natural approach to making wine, using only organic processes and working with biodiversity as a natural defence against disease. Originally from Champagne Ardennes, Stéphane has bubbles in his DNA, which is clear in the exceptional quality of his Crémant de Luxembourg.

Alves de Sousa

The Alves de Sousa vineyards are in Douro, Portugal, and cover an area of approximately 145 ha, across different 'Quintas', which allows the family to bring a variety of characteristics into their wines, due to the ecological diversity, altitude, and microclimate of each Quinta. For over 30 years, the family has been making wine and port, of which the quality of has been widely recognised all over the world.

Domaine du Bourrian

Domaine du Bourrian is the oldest of nine vineyards in the municipality of Gassin, on the peninsula of Saint-Tropez, in France. Producing only organic wines, Domaine du Bourrian has won numerous awards at prestigious wine competitions in France, recognised for their distinctive winemaking style.

Greyfriars

Greyfriars is a family-run vineyard in Surrey, located on south facing chalk slopes (the same chalk found in Champagne!). The original vineyard was planted in 1989 and was one of the first in England to plant the traditional Champagne grape varieties (Chardonnay, Pinot Noir, Pinot Meunier). 30 years later, in 2011, Mike and Hilary Wagstaff expanded the vineyard to its current size of 40 acres, and planted small plots of Pinot Gris, Sauvignon Blanc and Pinot Blanc, too.

SPARKLING

125 / 175 / Btl

Grand C - Crémant d'Alsace Rosé Brut - Pinot Noir - Alsace, France

28

Méthode Traditionelle - 24 months on the lees. Fresh and elegant, bursting with wild berries, red currant, cherry and subtle brioche notes.

Best Practice

Grand C - Crémant d'Alsace Blanc Pinot Gris Extra Sec - Alsace, France

7 / 9 / 28

Méthode Traditionelle - 18 months on the lees. Fresh and fruity with notes of apple, pear, citrus and apricot, accompanied by a hint of floral, spice and fine minerality. Dry with a slightly sweet finish.

Best Practice

Clos Jangli - Crémant de Luxembourg Rosé Brut 2018 - Moselle, Luxembourg

9 / 11 / 33

Pinot Gris & Pinot Noir blend. An explosion of strawberry and raspberry with a hint of cream and brioche, balanced by refreshing acidity.

Best Practice

Johanninger - Riesling Brut NV - Rheinhessen, Germany

33

A traditional method dry sparkling wine with bright tropical notes and crisp acidity, followed by hints of brioche and a slight nuttiness - over 5 years bottle ageing.

Organic

Champagne De Lozey - Tradition Brut - Champagne, France

11 / 14 / 41

Pinot Noir, Chardonnay. Fresh and floral, with notes of white flowers, bergamot and almonds. Blended with 20% 15-year-old wine, from a solera, it has the complexity of a much more mature Champagne.

Best Practice

Greyfriars - Rosé Reserve NV - Pinot Noir & Chardonnay - Surrey, UK

41

From the Surrey Hills, near Guildford, Greyfriar's Rosé Reserve is fresh and fruity with candied strawberry and raspberry aromas, a hint of cream on the mid-palate and beautifully balanced acidity.

Best Practice

Thierry Perrion - Extra Brut Grand Cru Champagne - Verzenay, Champagne, France

58

Pinot Noir, Pinot Meunier, Chardonnay. Ripe apples, hint of red berries, a touch of honey and toasted brioche.
